Present:

Shri M. K. ROY, Judge.

Appearances:

For the Union: Shri Panchanan Bhattacharjee, President of the Union, with Shri Priyatosh Bhattacharjee, Assistant Secretary of the Union.

For the Company: Shri T. K. Jagdish, Labour Adviser of the Company, with Shri Sheo Kumar Sharma, Secretary of the Company.

AWARD

The two applications under section 33A of the Industrial Disputes Act were previously filed in the First Labour Court, West Bengal, which having been abolished the Government referred the case to this Court for adjudication under Order No. 4879-I.R.| IR|11L-357|59, dated 8th August 1961.

After receipt of the Government Order referring the case to this Court for adjudication, the complainants were asked to file the copies of their applications to this Court under section 33A of the Industrial Disputes Act, already filed in the First Labour Court, which they did and after service of usual notice, the Company filed their written statements. Thereafter the case was ripe for hearing and after several adjournments, 8th June 1963 was fixed for final hearing of the case. On that date before the case was taken up for hearing, both the parties submitted that the dispute had been amicably settled between themselves and the said Company and accordingly they put in two joint compromise petitions in respect of each set of workers. My attention has been drawn specially to paragraph 1 of each of the two petitions wherein it has been stated that there is a factual error in the Government Order of reference inasmuch as the order mentions that there were six applicants in each set before the First Labour Court but in fact, there were only five applicants in each set named as above. Any way, that is not very material for the purpose of disposal of this case inasmuch as all the workers concerned named in each of the two applications under section 33A of the Industrial Disputes Act have joined these two compromise petitions duly signed by the authorised representatives of both sides. The terms and conditions of settlement of the dispute as embodied in both the joint petitions of compromise appear to be fair and reasonable and the same have therefore been accepted. Accordingly the compromise petitions should be given effect to. I therefore make this award in terms of the two joint petitions of compromise and dispose of the case arising out of the said two applications accordingly. The two separate joint petitions of compromise do form parts of the award as annexures 'A' and 'B'.

Shri R. BHATTACHARYA, Judge, Fourth Industrial Tribunal.

For the Union: Shri Madan Mohan Saha, Advocate.

This industrial dispute between Messrs. The parties appeared in this case and submitted their written statements. Today when the matter is taken up for hearing, the employer Messrs. Moten Fabric Mill and Shri Madan Mohan Saha, the learned Advocate, appearing on behalf of the wotkmen as well as the dismissed workman Makhan Lal Dey, submit before me that the dispute has been amicably settled by and between the parties. A petition of compromise is also filed by the parties asking for an award in the terms indicated in the petition. I have heard the learned lawyers for both the sides as well as the dismissed workman concerned. They have supported the petition. On perusal I find that the compromise petition is voluntary, fair and legal. In the circumstances, I pass an

ANNEXURE

In the matter of an industrial dispute existing between Shri Jagadish Majhi (Bidi Owner), P.O. Mahishadal, Midnapore, and their workmen as represented by the Secretary, Bidi Mazdoor Union, Tamluk, district Midnapore. (Case No. VIII-141 of 1962.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. C. PAL, Judge,
Second Industrial Tribunal.

Present for the Union: Shri Parimal Das Gupta, Advocate.

Present for the Employer: Shri Arun Kumar Roy, Solicitor, with Shri Keshob Ghosh, Advocate.

This is a reference under section 10 of the Industrial Disputes Act of 1947, by the Government of West Bengal, Labour Department, Order No. 3947-I.R.|IR|11L-276|62, dated the 6th September 1962, for adjudication upon the following issue:

Whether the closure of the factory is real and bona fide? Whether the closure is beyond the control of the management and in the circumstances it is justified? To what relief, if any, are the workers entitled?

Union's Case

The employer Shri Jagadish Majhi carries on a manufacturing business in the name and style Majhi Brothers in the Mahisadal Bazar. About 25 biri rollers worked under this employer, but they were paid very low wages and were even deprived of the minimum wages fixed by the Government. By an agreement, dated 13th February 1956, between the owners of biri factories of Tamluk subdivision and the abovenamed Union, effected at the intervention of the Assistant Labour Commissioner of Howrah Region, it was agreed that the minimum rate for thousand biris would not fall below Rs. 2. But this agreement was not implemented by the employer in

spite of repeated demands. On the contrary, the employer took resort to various harrassments and assumed a vindictive attitude. Finally the employer closed the biri factory with effect from 16th November 1961 without showing reason, or giving notice, and all the workmen were thrown out of employment. Some days later, the employer gradually restarted the business by replacing the old workmen by new ones who are paid wages lower than the minimum wages fixed by the Government. At present the employer has been continuing his business in full swing. There was no reason or justification for the closure of the factory, and this closure was mala fide and with vindictive motive for avoiding implementation of minimum wages. In the circumstances, the workmen named in the list annexed to the written statement are entitled to full wages for the entire period of closure.

Employer' Case

There never was or is any relationship of employer and employees between the owner and the said alleged workmen, and there is no industrial dispute, and as such the reference is bad in law and untenable. The story of the business being carried on in the name of Majhi Brothers is untrue. It is equally untrue that about 25 workmen were working under the employer. This owner used to get biris prepared and rolled in bulk with the help and assistance of some seven or eight persons who used to do this job as independent contractors by taking raw materials from the owner and preparing and rolling biris at their respective houses, according to their leisure and convenience. The owner had no manner of control over the working of the biri rollers. The wages paid to them were at the contractual rate at par with the limit fixed by the Government. The agreement alleged in the written statement of the Union is not binding on this owner as he is not a member of the alleged Biri Merchants' Association named in the agreement. Some time in the second half of 1367 B.S. the said alleged workmen, at the instigation of some interested persons and local merchants and shop-keepers, started various subversive and prejudicial activities to ruin the business of the owner. At first they indulged in slow-down method and thereafter systematically declined to accept works from the owner and eventually started picketing in front of the owner's shop. This seriously affected the owner's business. The owner informed the alleged workman about his intention of closing his unit of business. They terrorised the owner by gathering in a body in front of his shop and putting up barricades and preventing business transactions. They threatened the owner and the intending customers with physical violence. There were slogans through microphone as well. This affair continued for some days. Next, out of panic and for fear of life, the owner temporarily closed his business from 27th March 1961. Then at the intervention of some reputed and influential persons of the locality order was restored and it was decided that the business would be continued for some further time, at least up to the end of the following Rathajatra. Accordingly the business was restarted on and from 25th April 1961. After the Mela was over, the owner finally closed down the business on and from 12th September 1961 with due intimation to the proper authorities. It is untrue that the closure took effect from 16th November 1962. In view of the facts and circumstances of the case, the question of giving notice to the alleged workers does not arise. It is absolutely untrue that some time after the closure, the owner restarted his business by taking in new hands to avoid payment of minimum wages. The closure was real and bona fide and not a pretence and, in fact, it was due to unavoidable circumstances beyond the control of the owner. The list of workmen as annexed to the Union's written statement is incorrect and has been introduced with some ulterior purposes. The closure of the owner's business was brought about by the said persons by their own violent and lawless conduct, and they should be content with the natural consequence thereof.

Decision

I first take up the question of relationship of employer and employee as raised by the employer. The first point in this connection is that according to the Union's case, the business in question is conducted in the name and style of Majhi Brothers. From evidence, both oral and documentary, I find that the business stands in the name of Jagadish Majhi alone in whose name also the business licence stands. In the order of refernce also the industrial dispute is said to be existing between Jagadish Majhi (biri owner) and the workmen. It is in evidence that Jagadish Majhi has four other brothers and all these brothers are described, according to the Union, as Majhi Brothers. Even if that may be so, still I am not the least impressed by the contention that the business is run in the name of Majhi Brothers. So this point goes in favour of the owner.

The next point which is very important is whether there is, in fact, relationship of employer and employees between the workers mentioned in the written statement and this owner Shri Jagadish Majhi. The Union has put in the agreement, dated 13th February 1956 (Ext. 4), between Tamralipta Biri Babashahi Samity and some owners as well as workers represented by Tamluk Biri Mazdoor Union (Regd. No. 2284) to show that the agreement was that from 1st March 1956 minimum piece rate per thousand biris to be paid to the workers would not fall below Rs. 2. According to the evidence on the side of the Union, one Pati Charan Majhi who is said to be a brother of Jagadish Majhi was a signatory to this agreement. But more reliable evidence on the side of the employer is that none of the brothers of Jagadish Majhi is named Pati Charan Majhi. The owner's case is that he is not a member of the said Samity, and hence he is not bound by that agreement. In view of the facts and circumstances taken as a whole, the case of the owner is acceptable in this respect.

The third point in this connection is in respect of the number of workers. In the Union's written statement the number is stated to be 25, as per annexed list, Ext. 2. The correctness of this list has been strenuously challenged from the side of the owner. In the evidence on the side of the Union, it is stated that in all there were 30|32 workers out of whom 5|7 persons were taken in or about the time of the closure, whereas the listed 25 persons were totally thrown out of employment. In a letter, dated 24th October 1961 (Ext. 5-G), from the Secretary of the Union to the Inspector of Minimum Wages, the number of workers was given to be 55. Obviously

there is some anomaly in regard to the number of workers. The explanation of the Union Secretary (P.W. 1) as given in his cross-examination is that 30|32 workers work in the factory of Jagadish Majhi, whereas 25 other workers worked in two or three other shops at Mahisadal market. The Union Secretary should not have mixed up those 25 other persons with the workers' number mentioned in Ext. 5-G. The case of the employer, however, is that there were seven or eight workers, sometimes the number was less and sometimes the number was a little greater. Oral evidence has also been led by the employer to this effect. O.P.W. 3 Satyaranjan Mandal, a karmachari of Shri Jagadish Majhi, has said that at the inception of the business 10/12 biri binders were engaged, though all of them did not work continuously. The evidence of Jagadish Majhi himself (O.P.W. 4) is also to the similar effect in regard to the number of workers. According to him only four or five persons out of those in the list Ext. 2 were amongst his karigars. At least this much is admitted by the employer that some of the listed persons were engaged as his biri rollers. Though the correctness of the list is denied in general, the employer has not been able to put any list of his workers which would be correct according to him. On the contrary, his evidence as well as of that karmachari is to the effect that no jamakharach is maintained in regard to his business except certain khatas in which productions of biris are noted. The employer has put in three such khatas. Exts. C to C-2. In these khatas production and supply of fininshed goods are noted, but names of karigars are not mentioned. These books appear to have been checked by the Inspector of Central Excise and, as such, these may be taken as genuine khatas. O.P.W. 3 Satyaranjan has said that tobacco was weighed before being given to a biri roller, the amounts of wages paid were not written in any account book and they had no jama-kharach khata for these 5|6 years. He also says that Jagadish abolished the system of maintaining jama-kharach account by saying that it was unnecessary as he himself was controlling the entire business. It is palpably an unbelievable story that no jama-kharach is maintained or that it has been abolished. According to the evidence on the employer's side, the capital of business at the last stage was Rs. 2,000. But it has ben elicited in cross-examination of the Union Secretary (P.W. 1) that the capital would be to the extent of Rs. 1 lakh. The evidence on the Union's side is that the daily production of biris was 30,000 per day. The evidence on the employer's side is that the daily production would be 1,500 to 12,000 biris. For a business of this sort, it is unimaginable that no jama-kharach account is kept at all. In the circumstances, I think the employer has suppressed the book by denying the existence of jama-kharach khata lest such khata, if produced, should have shown the names and total number of the employer's karigars before the closure of the business. Both Jagadish and his karmachari have deposed that accounts in respect of raw materials supplied to karigars were written only in slates to be wiped off after the finished goods were delivered. Such slate notes might have been kept temporarily, but there should be pucca written accounts of not only the total number of employees but also the names and addresses of karigars to whom raw materials were supplied and that should be in proper and due course of business. The story of non-existence of the system of maintaining khatas, etc., is far from believable. Secondly, I am constrained to hold that the list, Ext. 2, correctly represents the workers concerned with some mistakes with respect to dates of appointments of some persons which have been rectified by a new list from the side of the Union.

The belief that proper documents have been suppressed by the employer is very much strengthened by another factor. On 28th March 1963 the Union swore an affidavit asking for certain documents to be produced by the Company for inspection. On 28th March 1963 the Company was directed to file counter-affidavit and to show cause by way of an affidavit or to produce the documents asked for by 16th April 1963. The Company did not take any steps and was directed to produce the documents called for at least seven days before the hearing. But still neither the documents were produced nor any objection or counter-affidavit was put in to deny existence of such papers. Presumably, the employer has got such papers which includes amongst other things (i) attendance register of workmen for 1956-61, (ii) production register for those years, (iii) pay register of workmen for those years and (iv) account books of those years. The non-production of these important documents indicates an attitude of the employer which goes very much against his contentions as respects the names and number of his karigars other than those admitted by him. So my finding stands that the list Ext. 2 represents the true state of things regarding the workers' names and number. It is argued by Shri Roy on behalf of the employer that according to Ext. 2 most of the workers would have been appointed even before the birth of the employer's business. In Ext. D, the copy of order, dated 3rd April 1959, of the Commercial Tax Officer of Midnapore, it has been stated that the business of Jagadish Majhi commenced since Chaitra 1361 B.S., i.e., in the earlier part of 1955. But the list Ext. 2 shows first employment of many workers before that time. Whatever that may be, this point is not very material for the purpose of adjudication of the present issue.

Next, the most important point in this connection is whether the Union has been able to establish the required relationship of employer and employee. The employer has denied such relationship. In coming to a decision on this point it is necessary to see whether the employer had control and supervision over the works of the karigars, as well as the manner in which such works were to be done by them. The evidence of Shri Santosh Debnath (P.W. 2), one of the concerned workmen, is that the karigars got biri leaves from the employer, which they took to their respective houses for the purpose of cutting according to sizes specified by the owner, that they attended the employer's factory in a structure towards the back of the employer's shop, and afterwards inside the shop with cut biri leaves at about 8 a.m., and used to get other raw materials such as biri tobacco, threads, etc., from the employer at their arrival at the factory, and they had to work from morning till 8 p.m. everyday with a recess period of one hour from 12 noon till 1 p.m., and after these duty hours the fininshed products were taken delivery of at the factory by the employer. It is also said that at about 8 p.m. everyday the biri

leaves were supplied to them for cutting at their respective houses. This witness has said that according to the malik's directions they used to prepare biris of three sizes, the fininshed goods were checked and defective biris, if any, were sorted out, and no wages were paid for such defective biris. The further evidence of this witness is that the malik discharged those who could not prepare biris up to the standard in spite of necessary and prolonged advice from the malik. The case of the employer as supported by its evidence is a total denial of the evidence given on behalf of the Union. The employer's contention is that he used to give raw materials to his karigars who took the same to their own houses where the biris were rolled, that there was no fixity of any duty hours, that there was no existence of any factory as such, and the employer had no manner of control or supervision in respect of the works done by the karigars. The evidence of Santosh Debnath is further to the effect that they used to get four holidays in a year—one day on the 1st Baisakh, two days on the occasion of Durga Puja and one day for Dol Jatra, that sometimes there was no necessity of working on some Sundays if there was no necessity according to the maliks. He has also said that on occasion of illness of one worker, the malik was informed and leave was obtained. If any information was not given to the maliks the workmen concerned was liable to be discharged. This evidence also has been criticised on the side of the employer as being unbelievable and unacceptable. Let me examine and scrutinise the position with reference to the evidence adduced and the written statements of the parties. In cross-examination of Santosh Debnath it has been elicited that after he joined work he went to Nabadwip only once on the occasion of his younger maternal uncle's marriage after taking leave from the Majhis. In paragraph 5 of the employer's written statement it is stated that during the rainy season and on ceremonial occasions the workers ordinarily declined to accept any work from the owner, inasmuch as they were then generally engaged in harvesting or other works. It is not stated that in their absence some other workers were employed temporarily. If the workers declined to accept works on seasonal or festival occasions, there is no meaning in saying that they were during such occasions otherwise engaged. So some sort of leave or off duty given to them is indicated in this averment of the employer's written statement. In the same paragraph of the written statement it is stated that some of such persons were sometimes allowed to prepare biris at the shop or at a nearby place selected by the owner. This also does away with the employer's contention that there was no factory of the employer where biris were allowed to have been rolled. Even if biris were sometimes prepared in the shop or at a place selected by the owner, this would suggest supervision and control on the part of the owner. O.P.W. 1, Sham Jana, has a business in biri not far off from the shop of Jagadish Majhi. He as well as O.P.W. 2, Saktipada Das (a Tahasildar under the Government of West Bengal at Mahisadal Bazar) deposed to the effect that they never saw rolling or preparation of biris in any factory or shop of Jagadish Majhi. The latter even said that he did not see even any biri rolling factory in his elaka of five miles. He next admitted that the Mahisadal Bazar itself was outside his elaka. Both of them are unsummoned witnesses and the trend of their depositions does not seem to be convincing or satisfactory, particularly in the face of what has been stated in the very written statement of the employer. Jagadish Majhi's karmachari, O.P.W. 3, has double obligations to the former, firstly, he is a paid servant and, secondly, his sister was married to the elder brother of Jagadish Majhi. According to this karmachari, he himself gave directions as to the specific sizes of biris to be prepared, defective biris were accepted for two days on giving warnings to the roller of such biris, and if on the third occasion defective biris were prepared the roller was discharged. So his evidence fully corroborates the Union's contention that there was supervision and control not only on the works done, but also over the manner in which the works would be done, otherwise there would not have been question of discharge of a roller for preparation of defective biris for the third time. The letter, Ext. E, dated 30th October 1961, from the Assistant Labour Commissioner to Jagadish Majhi, it appears that the owner dismissed eight workmen, and was asked to submit his comments. His comments, if any, do not appear to have been put in. But the fact remains that there was a dispute regarding dismissal of eight workmen. There would not have been any occasion for dismissal of those workmen if they worked as independent contractors as such. Though the employer contends that there was no standard fixed for production of minimum quantities of biris by a roller per day, in the written statement it has been alleged that before starting violence and picketing, etc., the workers at the first instance started a slow down method. The very words "slow down" would suggest that some standard work was fixed.

From all that has been seen and found above, I come to the conclusion that the Union has been able to establish the required relationship of employer and employee in the present case.

Now I proceed to deal with the question of closure itself. The fact of closure itself is admitted, though there is difference in regard to the date of this closure. According to the Union the closure was effected on 16th November 1961 whereas the employer contends that the closure took effect from 12th September 1961. The actual date of closure is not very material in this case.

There can be no doubt that the employer has the fundamental right to close down his business. But such closure ought to be bona fide and real, not arbitrary or mala fide with any ill motive. If the closure is bona fide for genuine cause, a workman, who worked continuously for not less than one year immediately before closure, shall be entitled, under section 25FFF(1) of the Industrial Disputes Act, to notice and compensation in accordance with the provisions of section 25F, as if the workman had been retrenched, i.e., one month's notice or, notice pay and 15 days' average pay for every completed year of service on any part thereof in excess of six months [vide section 25F(A)(b)]. The amount of compensation would be reduced to average pay for three months [vide proviso to section 25FFF(1)] if the undertaking is closed down on account of unavoidable circumstances beyond the control of the employer.

According to the explanation appended to this sub-section, an undertaking which is closed down by reason of merely financial difficulties (including financial losses) or accumulation of undisposed of stocks, shall not be deemed to have been closed down on account of unavoidable circumstances beyond the control of the employer within the meaning of the proviso to this sub-section. If, however, the closure is mala fide, the worker would be entitled to get full average wages from the time of the closure. It is therefore necessary to see whether the closure in question was real, bona fide and for unavoidable circumstances beyond the employer's control, or mala fide with any ill motive.

The employer has raised two points in this particular connection, namely, some karigars with others created a compelling situation for the closure and also caused financial losses. In argument, Shri Roy for the employer has contended that either or both of these reasons would mean unavoidable circumstances beyond the control of the employer. Let me, therefore, analyse the evidence and the circumstances to come to a precise finding.

The evidence on the employer's side is that in Falgoon|Chaitra two years ago, some workers and others started violent picketing and raised slogans through microphone in front of his shop to cripple his business by decrying the quality of his biris and holding out threats of personal violence, that this state of things continued for 3|4 days and there was temporary closure from 27th March 1961 and, after some settlement by the Bazar Samity, the business was restarted from 25th April 1961, the employer having agreed to pay wages settled by the Committee. The allegations of picketing, etc., are denied in evidence on the other side. Now, even if this story of the employer be taken to be true, yet the situation created by the workers cannot be considered to be the reason for closure on 12th September 1961 inasmuch as the business was restarted and continued till 11th September 1961. The immediate cause of the closure, as stated in evidence on the employer's side, is that he was incapable of continuing payment of wages (at the rate of Rs. 1-14-0 per thousand biris) settled by the Bazar Samity, although such payments were made since that settlement till before the actual closure. This allegation of financial incapacity or loss is not proved by any account book and finds no specific mention in the employer's written statement, in which the said compelling situation owing to the worker's violent attitude has been laid stress on prominently. Had that factor been the immediate and real cause of the closure, it would have been an unavoidable circumstance beyond the control of the employer. But, as stated above, the immediate and actual cause has been ascribed to the financial difficulty which, according to the explanation appended to sub-section (1) of section 25FFF of the Industrial Disputes Act, is not an unavoidable circumstance beyond the employer's control. Thus, the two causes alleged by the employer do not come to his help. Besides, in a letter (Ext. 6), dated 16th November 1961, by Jagadish Majhi's karmachari named Tarak Chandra Das, in reply to the Assistant Labour Commissioner's letter, dated 30th October 1961, two reasons of closure of biri rolling business were given, namely, financial loss and family inconvenience. These are not unavoidable circumstances beyond the employer's control. Thus the reasons given out are not real and acceptable.

The Union's case is that the closure was effected to avoid implementation of minimum wages fixed by the Government. Of course, the employer vehemently denies this charge. The totality of the circumstances, however, disposes me to accept the contention of the Union in this respect. According to evidence on the Union's side, wages were paid at the rate of Rs. 1.44 nP. and Rs. 1.50 nP. per thousand. The case of the employer is that he used to pay at the rate Rs. 1-11 annas and Rs. 1-12 annas and after the Bazar Samity's decision he paid at the rate of Rs. 1-14 annas. Even these rates are below the legal minimum rates. The evidence on employer's side is that the disturbances in March 1961 were over rates of wages. That dispute ended in a settlement by the Bazar Samity. The employer paid at the settled rate for nearly four and a half months and then closed down the business without any believable and justifiable cause. No proper notice appears to have been given. That being so, the contention of the Union that the real reason behind the closure was to avoid payment of proper wages ought to be accepted. It is said that after the closure the employer restarted the business by taking in new hands (and 5|7 old hands) in different centres away from the original centre at Mahisadal Bazar, and paying them lower rates. Evidence has been led to this effect on Union's side. The employer and his karmachari have denied this. They do not admit about the business after the closure by saying that they get supplies of biris from outsiders whose names and addresses they do not know. This plea is far from acceptable in the absence of proper jama-kharach account books which would disclose the names of suppliers and the rates of wages paid to them.

From all the above findings, I decide the issue entirely in favour of the Union. Accordingly, the workers in question are entitled to get full average wages. According to P.W. 2 Santosh Debnath, the daily average income of each of them was between Rs. 1.75 nP. and Rs. 2.25 nP. In the absence of employer's account books and by making some allowances in his favour, I take the daily average income of each to be Rs. 1.50 nP. The workers in question are entitled to get compensation at this rate from 12th September 1961 till the date of reference. The employer shall make these payments within one month from the date of publication of this award in the "Calcutta Gazette".

(Case No. VIII-31 63.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

Shri R. BHATTACHARYA, Judge,
Fourth Industrial Tribunal.

For the Union: Shri Basudev Banerjee.

For the Company: None.

This industrial dispute between Messrs. Kabir Talkies, Salkia, Howrah, and their workmen has been referred to this Tribunal under section 10 of the Industrial Disputes Act with the following issue for adjudication.

Issue

Whether refusal of employment of Shri Bachhu and Shri Kanailal Mondal with effect from 6th April 1962 was justified

What relief, if any, are they entitled to?

Notices were issued from this tribunal to Messrs. Kabir Talkies and also to the Bengal Motion Picture Employees' Union representing the workmen. The Union has submitted its written statement, but none has appeared on behalf of Messrs. Kabir Talkies in spite of registered notice duly served.

In short, the case of the workmen is that Shri Bachhu and Shri Kanailal Mondal are postermen working under the management of Messrs. Kabir Talkies, Salkia, Howrah. Their duty was to paste placards of the Cinema House and they had been serving Messrs. Kabir Talkies faithfully and honestly. For nothing they have been dismissed from the service of Messrs. Kabir Talkies on and from 6th April 1962, and they were not allowed to do their duties. This dismissal was without any reason or justification. There was no enquiry against any alleged misconduct of the two workmen. No charge-sheet was issued and the workmen were not allowed to place their cases before the management. It has been alleged that the dismissal of the two workmen is mala fide, and it is the result of unfair labour practice. The prayer is for reinstatement of the two dismissed workmen and for payment of arrears of wages during their non-employment.

The management of Messrs. Kabir Talkies has not cared to appear before this Tribunal to contest the claim of the workmen and the matter has been heard ex-parte.

Three witnesses have been examined on the side of the workmen. P.W.I. is Shri Bachhu. His evidence is that he was a posterman under Messrs. Kabir Talkies and he used to get Rs. 45 per month as his wages. He did his duty but he was dismissed on 6th April 1962 on the false allegation that he had not attended to his duty. According to his evidence it further appears that no charge-sheet was given to him and no enquiry was held before the dismissal. He was not allowed to join his duty. On 12th April 1962 he got a letter from the Cinema House and that has been marked Exhibit 1. This letter says that Bachhu was suspended on and from 6th April 1962 and he was asked to give an explanation to a charge-sheet. The letter further says that as no explanation was given the management dismissed Bachhu with effect from 12th April 1962. A copy of the charge-sheet was attached to the letter. According to the charge-sheet Bachhu and Kanailal misappropriated several placards which were entrusted to them for pasting on the street walls. In reply to Exhibit 1, Bachhu gave a letter challenging the allegation and the statement that any letter or charge-sheet had been given to him on 6th April 1962. He pleaded not guilty to the allegation made. P.W. 2 is Kanailal Mondal. He also says that he was dismissed on false allegation that he had stolen away some placards and he was dismissed on 6th April 1962. The witness has stated that no charge-sheet was given and no enquiry was held before the dismissal. This witness also gave a protest letter in reply to a letter, dated 12th April 1962, of the employer. That protest letter is Exhibit 3. Exhibit 2 is the protest letter of Bachhu. Exhibit 5 is a letter of request of several workmen of Messrs. Kabir Talkies asking the Secretary of the Bengal Motion Picture Employees' Union to take up the cause of Bachhu and Kanailal Mondal. Along with this a copy of a notice issued by the management of Messrs. Kabir Talkies was attached. This notice shows that the services of Bachhu and Kanai Mondal were terminated on 6th April 1962, and they were directed to leave the Cinema House immediately. From the evidence on record I am satisfied that Bachhu and Kanai Mondal were dismissed from their service by the management of Messrs. Kabir Talkies on 6th April 1962. I am also satisfied that no charge-sheet was served on Bachhu and Kanai Mondal before the letter of dismissal. The

copy of the charge-sheet given to Bachhu and Kanai Mondal along with the letter, dated 12th April 1962, will show that the management of Messrs. Kabir Talkies acted maliciously, and it was a futile attempt to show that a charge-sheet had already been served on the delinquents. If really any charge-sheet was served previously. I find no reason to supply a copy of the charge-sheet along with the letter, dated 12th April 1962, dismissing the workmen. It is clear, therefore, that Bachhu and Kanai Mondal were dismissed from service on the allegation that they committed misconduct and criminal act for misappropriation of certain placards. The allegations, I am satisfied, are not only false but malicious as well. Bachhu and Kanai Mondal were not given any opportunity to place their cases before the authority of Messrs. Kabir Talkies against the action taken against them. In this case, in spite of service of registered notice, none has appeared to represent Messrs. Kabir Talkies. I find no reason to disbelieve the story of the workmen. The dismissal of the workmen is a clear case of victimisation and unfair labour practice. The order of dismissal is illegal and must be set aside. The evidence shows that Bachhu's salary is Rs. 45 per month and Kanai Mondal used to get Rs. 53 per month as his wages. Besides reinstatement both Bachhu and Kanai Mondal shall get wages from the employer from the date of their dismissal to the date of reinstatement along with all other dues they are entitled to regarding their back wages if any prior to the dismissal.

The workmen, therefore, succeed and Bachhu and Kanai Mondal shall be reinstated by the management of Messrs. Kabir Talkies, Salkhia, Howrah, within a month from the date of publication of this award in the "Calcutta Gazette," and within that period they shall be paid all wages, as indicated above, up to the date of reinstatement.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

P. C. PAL, M.A., LLB., Judge,
Second Industrial Tribunal.

Present for the Company: Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam & Co., Solicitors.

Present for the Union: Shri D. L. Sen Gupta, Advocate.

This is a reference under section 10 of the Industrial Disputes Act, 1947, by the Government of West Bengal, Labour Department, order No. 6518-I.R.|IR|9L-62|62, dated the 22nd November 1962, for adjudication upon the following issue:—

Whether the dismissal of Shri Kirteyman Rai and Shri Serajul Haque, mason, is justified? To what relief, if any, are they entitled?

The case of the Union as per written statement

Shri Kirteyman Rai and Shri Serajul Haque, the two concerned workmen, worked under the Company, the Baradighi Tea Estate, the latter having worked as a mason. The Baradighi Tea Estate Branch of the Union was formed on 15th August 1961 with the workers of this Tea Estate and a copy of the resolution of the formation of the Committee with the names of the members thereof was sent to the Manager of the Estate for his information and recognition of the Union. The two concerned workmen were the organisers of the Branch Union. Soon after the formation of the Union, the Company started terrorising the workers and resorted to victimisation by dismissing the two workmen concerned on false and malicious pretext to get rid of them and to demoralise the other workmen.

Kirteyman was given a false and malicious charge-sheet on 29th August 1961 without giving him any hearing, though present with witnesses, and without holding any enquiry and also without recording any evidence in his presence on the date of the promised enquiry and without giving him any right of representation as provided in clause 13(g) of the Standing Orders, dismissed him on or about 1st September 1961. The dismissal order was mala fide as would be evident from the fact that even before the issue of the charge-sheet this workman was suspended on 21st August 1961.

Serajul Haque was dismissed on false and malicious allegations without issue of any charge-sheet and without any enquiry being held and in clear violation of the provision of clause 13(g) of the Standing Orders. Subsequently the management tried to take a mala fide plea that Serajul was not dismissed but was an absentee and deserved action under the Standing Orders. But no such threatened action was at all taken.

The action against the two concerned workmen was mala fide, illegal, unjustified and by way of victimisation. They are, therefore, entitled to reinstatement with all back wages, etc.

On the second day of the hearing, the Union put in a petition for amendment of its written statement to the effect that there was a perfunctory enquiry only in respect of the charge-sheet against Kirteyman, no proper scope of defence was there, and the statements were not read out and explained or correctly recorded. The petition was made part of the Union's written statement.

The case of the Tea Estate as per written statement

The reference is not maintainable as the dispute is not an industrial one. The West Bengal Chah Sramik Union is not a representative body of the Union at Baradighi Tea Estate. The Company has no knowledge about the formation of the Union on 15th August 1961 or any Union activities of the workmen concerned. The allegation of victimisation is untrue.

Kirteyman Rai was charge-sheeted on 29th August 1961 for unauthorised spirit being sold from his house in Junesh Line, provided by the Company for his residence. After submission of his written reply, the Estate Manager held a domestic enquiry on 4th September 1961, this workman being given personal hearing and opportunity of examining and cross-examining witnesses. From the facts and circumstances revealed during the enquiry, the management was convinced as to illicit liquor being sold from his house to his knowledge and in collusion with him. This amounted to gross misconduct and was illegal. The management lost all confidence in him. The Manager therefore decided to terminate his services and, accordingly, discharged him from service by letter, dated 5th September 1961.

Serajul Haque was employed as a mason on daily-rate basis. His works were found unsatisfactory and so he was given numerous warnings, both verbal and written. He failed to show improvement. On 10th December 1959 he was served with a final warning notice, it being made clear that if he did not show any remarkable improvement in his future works, he would be liable to dismissal without further warning. Still his works deteriorated further. The Manager therefore thought it advisable not to employ him as a mason any longer from 15th September 1961 and gave him a letter, dated 8th September 1961, to that effect. Thereafter he absented himself from work without permission and information since 11th September 1961. He did not report for work in spite of the Manager's letter, dated 4th October 1961, advising him to report for duty immediately failing which disciplinary action would be taken against him according to the Standing Orders. Still he has rendered himself liable to disciplinary action. His services have not been terminated.

The management's action in terminating the services of Kirteyman Rai is justified and was in the exercise of normal management function in the interest of the Company's work and discipline. He has not been dismissed from service. The management has not adopted any unfair labour practice or victimised the concerned workmen.

On the third day of the hearing, the Company put in a petition for amendment of its written statement to the following effect: After Manager's letter, dated 8th September 1961, to Serajul Haque, he came to the Manager on 9th September 1961 and requested for continuing mason's work; the Manager turned down that request but offered him an alternative job in the garden on the same rate of wages. On 4th October 1961 he again came and was reprimanded by the Manager for his unauthorised absence and was asked to report for duty immediately. But he continued to remain on unauthorised absence. This petition was made part of the Company's written statement.

Decision

I first consider about the case concerning Shri Kirteyman Rai. On 21st August 1961 he was suspended by an order of the Manager on the ground that certain allegations of misconduct amounting to an offence under the Standing Orders had been made against him (vide Ext. A). There was obviously no written complaint before this suspension, nor were there any specific allegations necessitating the passing of this order. Subsequently there was some preliminary enquiry on 22nd August 1961. Ultimately the charge-sheet against this man was issued on 29th August 1961. The procedure of suspending him before preliminary enquiry and charge-sheet was no doubt an extraordinary one. However, the Company has adduced evidence as to the circumstances leading to this particular procedure. The charge-sheet (Ext. B) is to the effect that it had been brounght to the Manager's notice that unauthorised spirit was being sold from Kirteyman's house in Junesh Line, which was a breach of the Excise law applicable to the Estate as elsewhere, and that the offence, if proved, would be an offence under rule 13(c)(vii) of the Company's Standing Orders. This workman's reply per E.D. was that he neither distilled nor sold liquor at his house. In denying the charge, he rather invited the Manager to enquire into the matter and to do proper justice. There was a domestic enquiry by the Manager himself in Kirteyman's presence. At the enquiry, the Company examined four witnesses, whereas Kirteyman examined himself and one Michael of No. 4 Niz (vide enquiry proceedings, Ext. E). At the end of the proceedings they put signatures or thumb impressions. The Union first averred in its written statement that there was no enquiry. By amendment, the Union asserted that there was an enquiry in name —it was not a fair and proper enquiry and opportunities were not given to the concerned workman for defending himself.

It is an admitted fact that sale or possession of liquor in the Junesh Line or coolie line in the Company's tea garden is not by itself an offence under the Standing Orders. By the provision in clause 13(c)(vii) of the Standing Orders (Ext. L) "habitual breach of any law applicable to the Estate" is made a misconduct. It is under this clause that the Company proceeded to deal with Kirteyman Rai. It is to be seen whether and how far this charge has been established against him and whether the decision of the management is or is not to be interfered with.

Sale or possession of illicit liquor would be an offence under the Excise Act. Sri Ghosh has, on behalf of the management, referred me to section 18(1) of the Bengal Excise Act and rule 61(3) of the Excise Rules to show that the law is applicable to the Estate. The Act prohibits possession of any intoxicant not obtained from a licensed vendor. The said rule provides that in areas inhabited by aboriginal tribes or tea garden coolies, country spirit shops shall not be licensed to be placed immediately on the side of a main road or in any other prominent position that may place temptation in the way of such persons. The rule prohibits the placing of licensed liquor shops by the side of a main road or at any prominent position in areas inhabited by aboriginal tribes or tea garden coolies. Kirteyman Rai lived in Junesh Line, which is a coolie line within the Tea Garden area. If the location of licensed liquor shop is so prohibited, it may well be said by following the principle that sale of illicit spirit in such coolie lines also stands prohibited. In this sense, therefore, the Excise law and its principle would be applicable to the Tea Estate as well. It is now to be seen whether Kirteyman Rai was really guilty of the offence alleged.

At the hearing before me, the Company examined only the Manager (O.P.W. 1) He has no personal knowledge about the alleged sale of liquor from the house of Kirteyman Rai. It is to be noted that in the charge-sheet the allegation is that unauthorised spirit was sold (not possessed) from his house, not sold by himself. The Company's case is that one Saila is Kirteyman's servant and relative and sold liquor from Kirteyman's house. It has also been stated that Saila lived in that house of Kirteyman who has denied all these allegations—he has denied sale of liquor by him or from his house and also denied any relationship or connection with Saila. His case is that Saila used to live in the house of one Karma, away from the place of Kirteyman.

Direct evidence of sale of unauthorised spirit from Kirteyman's house has not been given before me. Such evidence, however, is found from statements of witnesses examined at the domestic enquiry held on 4th September 1961. Apart from those incriminating statements of witnesses, Shri Ghosh for the management has laid particular stress on what appears to be Kirteyman's own statement made at the enquiry. To the question "what is your answere to the charge" he appears to have said "I am not the only one who is selling illicit spirit in this garden." This answer, according to Shri Ghosh, fully establishes Kirteyman's guilt and proves the charge against him. Of course, if this statement was made by him at the enquiry, the charge would stand proved as this would also indicate "habit" of selling unauthorised liquor from his house. The contention of Shri Ghosh is that this statement is quite believeable and acceptable as being made by the concerned workman. In that case the enquiry is to be deemed as being fair and proper. But the Union has challenged the fairness and propriety of this enquiry. I am thus led to the consideration of the merit of the domestic enquiry.

Kirteyman says that he signed at the end of the statements as he was asked to do so by the Manager, but that the statements were not at all read out and explained to him. The Manager says that the statements were really read over and explained before signatures were taken. This is only oath versus oath, particularly when the proceedings do not disclose that the statements were read over and explained and were admitted to be correctly recorded. Kirteyman says that he did not say that he was not the only one who was selling illicit spirit in the garden. He characterises this statement as being incorrectly recorded. The Company put in the original hand-written statements to smash this denial of Kirteyman Rai. The Manager, while giving evidence before me, produced these original statements and said that Kirteyman himself wrote in Hindi characters an endorsement and signed this attestation also in Hindi. The genuineness of this attestation has been very much challenged by Shri Sen Gupta for the Union. His suggestion that the attestation is an after-thought and interpolation is denied by the Manager. There are certain factors which dispose me to accept Shri Sen Gupta's contention as correct. Firstly, this attestation finds no place in the typed copies supplied to the Union. The explanation of the Manager as to this omission is that the Hindi letters could not be typed. But there was no bar to the same being written in hand in the copies if the attestation was real and genuine. Secondly, Kirteyman himself was not confronted with this attestation—he was not even asked that he wrote an attestation like this in Hindi and signed in Hindi. The originals were produced before me on the day following that on which he was examined and discharged, i. e., the production was behind his back. It is said that the originals were elsewhere on the day he was examined. But he could be asked about this matter, though the originals themselves were not in hand at that time. Thirdly, at first he signed his name in English. It is difficult to understand why he would sign the attestation in Hindi. The Manager admits that except this attestation there is nothing in the proceedings to show that the statements were read over and explained to this workman. Fourthly, the attestation that "the above statements" were made known to him is at the end of the proceedings, not below Kirteyman's own statements. It is somewhat difficult to understand if the words "the above statements" refer to his own statement or not. Lastly, in his reply to the charge-sheet, and also just before the alleged answer "I am not the only one ....." he said that he did not at all distill or sell liquor in his house. So it is also not free from doubt that he would next moment confess his guilt. For all these reasons, therefore, I am unable to say that the said attestation is genuine and real or that Kirteyman actually admitted his guilt at the enquiry. The enquiry, in the circumstances, cannot but be

held to have been unfair and improper. Thus the main prop of the management's contention vanishes, and the enquiry is useless to it.

The other witnesses examined by the management at the enquiry do not appear to improve its case. Some questions put to some witnesses were very much leading and suggestive—guilt of Kirteyman being assumed. This was not fair.

Now I consider about another important point. There was no separate report of the enquiry. According to Shri Sen Gupta, this omission also vitiates the enquiry. He has referred me to an unreported decision of the Hon'ble Supreme Court in the case of Khardah Co. Ltd. versus their workmen. In that case the enquiring officer was the punishing authority, but he did not write any separate report or findings after the domestic enquiry, and the Hon'ble Supreme Court upheld the decision of the learned Judge of the Fourth Industrial Tribunal of West Bengal and held that the omission constituted a serious infirmity in the enquiry itself. Shri Ghosh has argued that in the present case the Manager recorded his findings in the letter of "discharge", dated 5th September 1961 (Ext. F), and hence the principle enunciated in the abovementioned unreported case would not apply here. What was stated in Ext. F, amongst other things, is that Kirteyman was charged for unauthorised spirit being sold from his house, that the preliminary enquiry revealed substance in the allegation, that Kirteyman was given all opportunities to defend himself during the enquiry, and that the charge was proved. The only things is "the charge was proved." This is not enough in view of what the Hon'ble Supreme Court expressed in the unreported case mentioned above. The Hon'ble Court observed thus—

> ".....it is his duty to record clearly and precisely his conclusions and to indicate briefly his reasons for reaching the said conclusions. Unless such a course is adopted, it would be difficult for the Industrial Tribunal to decide whether the approach adopted by the enquiring officer was basically erroneous or whether his conclusions were perverse....".

The matter in question is to be considered in the light of these observations. In the present case, there was the conclusion "the charge is proved"—noting else. Hence no importance can be attached to the so-called enquiry.

There is also a question bearing on the meaning or the interpretation of the management's action taken against the concerned workman. The order passed against him is "You are, therefore, discharged with one month's pay in lieu of notice with effect from today, 5th September 1961" (vide Ext. F). Shri Sen Gupta has contended that this action of discharge was with a slur or stigma, and hence it amounts to dismissal, and in this event the mandatory provision of clause 13(g) of the Standing Orders (Ext. L) has been violated. Clause 13(g) runs as follows:

> "In awarding punishment under this Standing Order, the Manager shall take into account the gravity of the misconduct, the previous record, if any, of the workman and any other extenuating or aggravating circumstances that may exist. Before passing any order of dismissal or of suspension as a punishment, the Manager after the conclusion of his enquiry, will allow an opportunity to an official of any registered Union to which the employee may belong to make to him any representation regarding the case. If in any case an interview is refused to any particular person, the reasons for refusal shall be recorded in writing, and normally an interview will be granted to another official. A copy of the order passed by the Manager shall be supplied to the workman concerned."

Now, according to this provision an opportunity is to be given to an official of the registered Union to which the employee may belong, after the conclusion of the enquiry, for making any representation regarding the case, before passing the order of dismissal, and reasons for refusal of interview is to be recorded in writing. This provision shall apply in case of dismissal of a workman. The contention on behalf of the management is that it was a case of simple discharge with offer for one month's notice pay, not a case of dismissal at all, and as such this clause has no application here. Shri Ghosh has also argued that the newly formed unit was not registered and hence there was no question of giving opportunity to an official of such unit for making any representation. I am, however, unable to accept Shri Ghosh's contentions as valid. The present parent Union, which raised the dispute and was all along representing the workman's case, is undisputedly registered. So the plea of non-registration of the Branch Union does not stand. Secondly, discharge with slur amounts to dismissal. It is the spirit not mere language, expressed in the punishment order, which would count. The facts and circumstances clearly show that the workman was in reality punished by dismissal. Not only this. In a letter, dated 3rd January 1962 (Ext. 1=Ext. 6) to the Assistant Labour Commissioner, the Manager wrote thus: "Messrs. Kirteyman Rai and Serajul Mason were dismissed for their faults. Proper enquiries were made in both cases and both were found guilty". In that letter, therefore, the Manager admitted the fact of dismissal. Now the Manager has explained in his deposition that his version in the said letter was incorrect due to hurry. According to his evidence the correct word should be "discharged" in place of "dismissal" in regard to Kirteyman. After that letter he went to England on long leave, and the acting Manager appears to have seen through the matter and tried to rectify the alleged mistake during the Manager's leave by writing letter Ext. G on 21st July 1962. The Manager himself did not write to the Assistant Labour Commissioner correcting the alleged mistake. He says that on his return from England he found the mistake corrected, and that had he not seen the acting Manager's letter later on it would not have occurred to him that there was mistake in his letter. The acting Manager has not deposed to explain what led him to correct "mistake." It appears therefore that the management became wiser in the meantime and tried to make out a quite new case. The letter itself, read as a whole, would not at all show that there was any hurry in writing that letter. For all these reasons, therefore, the story of mistake is unacceptable, and it must be

held that Kirteyman was really dismissed. Thus the mandatory provision of clause 13(g) of the Standing Order was violated.

The last point in regard to this workman (as well as the other concerned workman) is the question of victimisation as alleged on their behalf. The management strenuously denies this allegation. This point is raised by the Union in the following way: The Branch Union was formed on 15th August 1961 with Kirteyman as a member of the Executive Committee and Serajul as the Assistant Secretary. The copy of the resolution was sent to the Manager being personally delivered by Kirteyman 2|3 days later. On getting the news the Manager started harassing and victimising workmen, beginning with suspending Kirteyman on 21st August 1961 without charge-sheet (which was issued on 29th August 1961) and dismissing both him and Serajul from 5th September 1961 and 15th September 1961 respectively, there being no charge-sheet or enquiry regarding the latter. The Manager's evidence is that he was not aware of the formation of the Branch Union before 5th May 1962, and so there could not be any question of victimisation. He has put in a registered envelope (posted on 4th May 1962 and delivered on 5th May 1962) and copy of resolution said to be the content of the envelope [vide copy of resolution Ext. K and envelope (Ext. K-1)]. As the envelope was not opened before the Tribunal, the evidence is not conclusive to prove that Ext. K was really contained in the envelope. The Manager denies Kirteyman's evidence that the latter made over copy of the resolution to him personally 2|3 days after 15th August 1961. The Manager did not reply on getting Ext. K as, he says, the matter was already under conciliation over the cases concerning Kirteyman and Serajul. There was request for recognition of the new Union—the Manager did not recognise it. If conciliation began before 5th May 1962 it must have been soon after the actions were taken by the management against the two concerned workmen. Of course, the Union has not put in the minute book and the copy of the forwarding letter which, according to P.W. 4 Kirteyman, might be in the local office, and the written statement of the Union also does not disclose the date of sending the copy of resolution to the Manager. But Kirteyman says that he approached the Secretary of the present Union (i. e., P.W. 1) on several occasions on getting the suspension order, charge-sheet and dismissal letter and sought his advice. This also indicates the formation of the Branch Union before Kirteyman was proceeded against. So, in spite of all these defects, I think that in all probability the Union was formed in the middle of August 1961 and the copy of resolution was sent shortly afterwards, otherwise there would be no meaning in apprising the Manager of the fact about 8 months or more after the disputes arose. That being so, the allegation of victimisation cannot be brushed aside altogether.

In this connection the position relating to the suspension order, etc., may also be looked into. The step was no doubt extraordinary. The case of the Company is that in the night of 20th August 1961 serious breach of the peace was created by Saila who severely hecked the Head Storesman, Shri D. K. Basu, who with others went to pacify him and restore peace. The Manager says that Saila came in the garden quite drunk, committed the said offence and was ultimately imprisoned for six years in Sessions Trial. The copy of judgement (Ext. N) of the Sessions Court does not show that Saila was drunk. It rather shows that the golmal took place in the bari of Karma, not in Kirteyman's house. Yet the Manager says that, as a measure of personal safety for Kirteyman and on account of high feelings of the local people against him, he first suspended him and next proceeded to gather materials for issuing charge-sheet, if any. As the man remained in the garden, there could be no personal security for him at all. There was a preliminary enquiry, and as many as 10 persons appear to have made statements to the Manager. These are the Hindi (original) versions, of which eight versions were translated into English (vide Ext. M series). Of these persons only one man appears to have said that Saila sold liquor from Kirteyman's house. On this very scanty statement, the man was charge-sheeted. He appears to have been punished for the fault, if any, of another man named Saila. According to the Manager's evidence, the Excise police occasionally came to the garden and arrested outsiders from there. He did not inform the police against Kirteyman. He himself took up the matter in his own hand with very meagre material. He says that there is office record regarding quarrel or golmal as to drinking liquor, concerning various persons, and that he took action in those cases, and gave warnings in some cases. Yet he proceeded to punish Kirteyman for no fault of his own and without any evidence of any golmal by him. All these facts and circumstances lend support to the allegation of victimisation as raised on behalf of the Union. A point of discrimination was also raised before me. But such a plea was not taken in the Union's written statement, and hence I do not attach importance to the same.

In view of all that has been discussed and found above, I hold that the enquiry against Kirteyman Rai is vitiated for non-compliance with natural justice, and the action taken against him is vitiated by reason of victimisation as well. His dismissal was therefore unjustified.

I now take up the case concerning Serajul Haque, mason. Admittedly he was a skilled labour, working as a mason on daily rate of Rs. 3. What appears from evidence, oral and documentary, is that he was given some verbal warnings in regard to bad works as a mason, and was warned twice in writing by the Manager. The Union's case is that he was dismissed from service, without charge-sheet and enquiry from 15th September 1961. The case of the management is that Serajul was not dismissed or discharged at all, that on account of his inefficient works he was warned many times but still his works did not improve, that ultimately he was refused masonry works but was offered the alternative job of fencing on the same old rate of wages, but he himself refrained from joining this new job and has been an unauthorised absentee of his own accord. It is an admitted fact that there was no charge-sheet or enquiry against Serajul He has deposed as P.W. 2 to say that he was blamed for no work of his, that he was dismissed, and was not in fact offered any alternative job. The Manager has given counter-evidence. The Manager gave the first written warning on 10th December 1959 by his letter,

Ext. H, mentioning about previous verbal warnings and complaining about quality of masonry works done by Serajul. It was stated in that letter that unless remarkable improvement in quality of work was shown in future, he would be liable to be dismissed without further warning. The second letter came on 8th September 1961 (vide letter Ext. H-1). Here the Manager wrote that despite further frequent verbal warnings Serajul did most unsatisfactory works which had to be redone, and his works became worse and more careless day by day. Then he wrote: "I fear therefore your services will not be required after the 15th next (i.e., from 15th September 1961)." Serajul has said that the works mentioned in the Manager's letter were not his. This may or may not be correct. But by the letter of 8th September 1961 his services would seem to have been terminated from or after 15th September 1961 with a slur on the efficiency of his works. The Union urges that this action of the Manager amounted to dismissal of Serajul.

The stand taken by the management is that Serajul was neither dismissed nor discharged, but he absented himself without leave since 11th September 1961 in spite of being advised by a letter, dated 4th October 1961, to report for duty. It is the case made out in the evidence of the Manager that on getting the letter of 8th September 1961, Serajul came to him on following day and requested him to reconsider his case and to give him mason's work, but the Manager refused to reinstate him as a mason but offered an alternative job, that Serajul said nothing and from his conduct the Manager thought he would accept the alternative job. The Manager has further said that Serajul again approached him on 11th September 1961 with the same prayer and got the same reply as on 9th September 1961, that he never turned up till 4th October 1961. On that date Serajul renewed the old request but the Manager reprimanded him for his absence without leave and gave him an official letter (Ext. I) stating that unless he reported for duty immediately for the alternative job disciplinary action would be taken against him. It is said that thereafter Serajul never came to do his duty.

Serajul's evidence is that on 9th September 1961 he got the Manager's letter of 8th September 1961, 10th September was a Sunday, on 11th September 1961 he went to the Manager who told him that he was dismissed from service and would be paid wages up to 15th September 1961, that the Manager said nothing else and did not tell him that he would be given not masonry works but alternative job. Serajul admits having got the letter, dated 4th October 1961, and says that on receipt of the same he went to the Manager who said "Your work is gone. I gave this letter as it was a legal affair, you should vacate the Company's quarters, else you would be driven out through the police". Of course the Manager has denied having said so on 4th October 1961.

This much is admitted by the Manager that he refused to give back mason's work to Serajul, though he made offer for alternative job. But the letter of 4th October 1961 itself does not show that any offer for alternative work was at all made. In the very first warning letter of 10th December 1959 (Ext. H) Serajul was threatened with dismissal without further warning unless the quality of works improved. In that light, by the second written letter of warning, dated 8th September 1961, it may well be taken to mean that the Manager terminated the services from or after 15th September 1961, and that would amount to dismissal. There was till then no question of offer for alternative job. The letter of 4th October 1961 would not necessarily mean, when it required Serajul to report for duty immediately on pain of disciplinary action, that he was to do a new job. He was deemed to be in service till 15th September 1961. As such the Manager might have warned him for absence from 11th September 1961. If the offer of new job were true and if Serajul deliberately absented from such duty, there is no reason why the management did not take action under the Standing Orders. The letter of 4th October 1961 seems in the circumstances to be nothing but an eyewash. In this connection the Manager's letter, dated 3rd January 1962 (Ext. 1=Ext. 6) ought to be taken into consideration. There he stated that Serajul also was dismissed for fault as he was, like Kirteyman Rai, found guilty after enquiry. In fact, there was no charge-sheet or enquiry against Serajul. The Manager's version is that the said statement was mistaken. The Manager has said that the name of Serajul should not have been mentioned in the same sentence in that letter. I already found that the story of mistake on the part of the Manager was unacceptable. The management has not produced any office register to show that Serajul was in service after 15th September 1961. Thus, it appears, Serajul was also dismissed like Kirteyman, or at least the management's action amounted to dismissal as the man's services were terminated with a slur and there was no notice pay. Thus it is found that Serajul was really dismissed by letter, dated 8th September 1961 (Ext. H-1), in violation of natural justice. Besides, the Union's allegation of victimisation against Serajul is also to be considered. He was the Assistant Secretary of the new Branch Union. In view of what I found on this point in connection with the case of Kirteyman, Serajul was also made a victim of the Manager's caprices. Thus his dismissal was equally unjustified.

In the result, it is directed that the Company (Baradighi Tea Estate) will reinstate both Shri Kirteyman Rai and Shri Serajul Haque to their former jobs with continuity of their services, and to pay them all back wages, etc., for their respective periods of forced unemployments, within a month from the date of publication of this Award in the "Calcutta Gazette."

ANNEXURE

In the matter of a complaint under section 33A, Industrial Disputes Act, filed by the workmen of Alipurduar Municipality against the Commissioners of that Municipality. (Case No. 98 of 1962 under section 33A.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

AWARD

This proceeding arises out of a petition under section 33A, Industrial Disputes Act, by the workmen of Alipurduar Municipality complaining of some alleged alteration in the conditions of service applicable to such workmen by the employer Municipality during the pendency of the adjudication proceedings of another dispute between the Municipality and its workmen, referred to this Tribunal by Government Order No. 3623-I.R./IR/14L-14/60, dated 19th July 1960, in contravention of the relevant provisions of section 33, Industrial Disputes Act. The precise complaint is that during the pendency of the adjudication proceedings of the dispute referred to this Tribunal by the aforesaid Government order, this Municipality unjustly and illegally withdrew the benifit of Duars allowance to the workmen introduced under a resolution of the Municipality, deted 16th April 1959, and under the Government instruction in this behalf in Memo. No. 2607/MGA-53/58, dated 26th March 1959. The prayer is for restoration of the said Duars allowance.

The Municipality filed its written statement in reply to the aforesaid petition of the workmen under section 33A, Industrial Disputes Act.

After the usual preliminary proceedings and one adjournment taken by the parties, the case was finally fixed for hearing on 11th July 1963. On 10th July 1963 a letter from the the Secretary, Alipurduar Municipal Employees' Association, who signed and verified the original application under section 33A, Industrial Disputes Act, on behalf of the workmen, was received by this Tribunal. The letter intimated that the case had been compromised and so the workmen prayed for withdrawal of the case. A similar telegram was also received by the Tribunal from the same persor. A post copy of the telegram was also received. On 10th July 1963 an application for adjournment was received by post from the General Secretary of the West Bengal Municipal Employees Federation. None appeared on 11th July 1963 to press this application. On the previous date, 7th June 1963, the Secretary, Alipurduar Municipal Employees' Association, took an adjournment on the ground that an attempt at compromise was going on by sending a telegram to this Tribunal. I accept the prayer for withdrawal on the basis that the case has been compromised between the parties, as made in the letter of the Secretary, Alipurduar Municipal Employees' Association, as showing the correct present position in regard to the dispute and accordingly I would dispose of the case on the basis of that position. As it is intimated to the Tribunal by the Secretary, Alipurduar Municipal Employees' Association, who filed the present application under section 33A, Industrial Disputes Act, that the case has been compromised and as he has prayed for withdrawal of the case on the basis of the compromise, I would allow the prayer for withdrawal of the case and dispose of the present petition as compromised and withdrawn by the workmen-petitioners.

In the result, I dispose of the case as compromised and withdrawn by the workmen-petitioners and award accordingly.

DEPARTMENT OF HEALTH

Public Health

NOTIFICATION

No. P.H./4368/2R-39/63.—1st August 1963.—Whereas the Governor is satisfied that the district of 24-Parganas excluding the municipal areas is threatened with an outbreak of small-pox;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of small-pox and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, small-pox in the said district for a period of six months:—

TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF SMALL-POX.

1. In these regulations unless there is anything repugnant in the subject or context,—

(a) "Health Officer" means the Health Officer of the district appointed by the State Government, the Chief Medical Officer of Health of the district, or the Subdivisional Health Officer of any of the subdivisions of the district within their respective subdivisions;

(b) "Sanitary Inspector" means a Sanitary Inspector appointed by the State Government;

(c) "Small Pox" means any disease accompanied by an eruption of vesicles or pustules;

(d) "Patient" means a person suffering from or suspected to be suffering from small-pox;

(e) "Medical practitioner" means any person practising the medical profession.

Notices

2. If in any case the Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of small-pox he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reasons why such work has been carried out.

3. If any measure which the Health Officer has by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer shall be entitled to carry out the measure.

Costs and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the State Government except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions which led the Health Officer to pass such an order, are not attributable to any act or default of the person in possession of the property, the State Government may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The State Government shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations if he has failed to carry out an order issued under these regulations. He shall not direct the patient to be removed from house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein within the time specified in the order and to the satisfaction of the Health Officer.

Location of disease

6. When a case of small-pox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than the patient of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchman or headman to the nearest Sanitary Inspector.

7. (1) Every medical practitioner called in to attend upon any case of small-pox shall forthwith give notice of the case by a special messenger to the nearest Sanitary Inspector or to the Health Officer by post and the cost of such messenger in each case shall be defrayed by the State Government.

(2) The doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of small-pox brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the Health Officer by post, and the cost in each case shall be defrayed by the State Government.

8. Thana officers shall supply to the Health Officer such periodical returns of cases of small-pox as he may from time to time call upon them to furnish.

9. The Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from small-pox or who, in his opinion, may be infected with or likely to spread small-pox.

Isolation of patients

10. When the Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying, to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer.

11. The Health Officer or a Sanitary Inspector may order that any person, who has been in contact with a person found to be suffering from small-pox, shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the Health Officer.

12. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from small-pox shall be vaccinated or re-vaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10, without the permission of the Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the State Government shall provide for him free of charge a suitable place, with necessary attendants, diet, etc.

15. No person, who is or has been suffering from small-pox, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

16. No person while suffering from evident symptoms of small-pox or in the convalescent state of the disease with scabs of pocks on his body shall expose himself in any street, road, public place, shop, bazar or any place used in common by persons other than members of the family or household to which such infected person belongs or shall move from place to place unless he is proceeding to a hospital for admission and treatment.

17. The Health Officer or a Sanitary Inspector authorised by the Health Officer in writing in that behalf may, during the prevalence of any outbreak of small-pox, order that any bazar, shop or other public place shall remain

closed for such time as may appear to him to be necessary and may forbid the holding of any fair, mela, or other gathering to which people from several villages commonly or periodically resort.

Miscellaneous

18. The Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency and within such time as may be specified in the order, such measures for the disinfection of any premises in the occupation of such person or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

19. The Health Officer or a Snitary Inspector may direct the owner or occupier of any premises to take steps to have vacinated or re-vaccinated within a time to be specified in the order any person residing on such premises and under the control of such owner or occupier if the Health Officer is of opinion that such person has been in contact with any one suffering from small-pox.

20. The Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has to his knowledge been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

21. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

22. The Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature, such as lime-washing of houses, clearing of latrines or the removal of filth or rubbish shall be carried out to his satisfaction.

23. The Health Officer or a Sanitary Inspector may prohibit persons from retaining or selling clothes taken from the bodies of persons who have died of small-pox and may cause any such clothes to be destroyed.

24. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried to a hospital with the following precautions against spreading the disease, namely:—

(i) that he is so well covered that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(ii) that he is taken to the hospital direct and the conveyance does not halt at any other place for transacting any business; and

(iii) that excepting one or two attendants for the patient no other person is carried in the conveyance at the same time.

25. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance, but nothing in this regulation shall apply to a person who transmits any such article for the purpose of having the same disinfected with the following precautions against spreading the disease:—

41. The Health Officer or a Sanitary Inspector may through any person authorised by such officer or inspector in that behalf seize and dispose of any corpse, which, in the opinion of the said officer or inspector, is infected with or is likely to spread cholera, unless the relatives or friends of the deceased person satisfy him that they are prepared and able to dispose of the corpse in a manner which will prevent the spread of cholera.

(2) When the person to be examined under paragraph (1) is a female who, by the custom of the country, does not appear in public, the officer shall take her statement under such conditions as shall admit of due respect to the said custom.

(3) Such person shall be bound to answer all questions relating to such case put to him or her by such officer, other than questions the answers to which would have a tendency to expose him or her to any criminal charge.

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of cholera and for the medical inspection, isolation, observation and surveillance of persons suffering from or suspected of being infected with, cholera in the said municipal area for a period of six months:—

TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF CHOLERA

1. In these regulations, unless there is anything repugnant in the subject or context—

Whenever any land is held jointly by two or more persons, whether as owners or occupiers of that land, such persons shall be held jointly and severally liable for carrying out any measure ordered in a notice under these regulations, and the names of any one or more of such joint-holders may be entered upon such notice at the discretion of the Health Officer or a Sanitary Inspector and the Health Officer or a Sanitary Inspector shall not be bound to enter the names of all the joint-holders in the notice.

Notices

3. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations, required to be carried out be not carried out to his satisfaction within the time stated in the notice, the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Costs and compensation

5. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the persons in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

8. (1) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the Health Officer or a Sanitary Inspector and the cost of such messenger in each case shall be defrayed by the municipality.

(2) The Doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of cholera brought to such hospital or dispensary for treatment to the Health Officer or a Sanitary Inspector by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality.

9. Registrars of Births and Deaths shall supply to the Health Officer or a Sanitary Inspector such periodical returns of cases of cholera as he may from time to time call upon them to furnish.

10. The Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from cholera or who in his opinion may be infected with or likely to spread cholera.

When the Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer or the Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12. The Health Officer or a Sanitary Inspector may order that any person, who has in his opinion been exposed to infection from cholera, shall take such drugs in such quantities as may be specified by the Health Officer or a Sanitary Inspector or shall submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the Health Officer or a Sanitary Inspector.

14. The municipality shall provide free of charge suitable places, with necessary attendants, medicine, diet and other necessaries for persons isolated under regulation 11: provided that a private individual may provide places certified by the Health Officer or a Sanitary Inspector as being proper for the purpose of such isolation.

15. If it is not possible for the Municipal Commissioners to provide suitable places with necessary attendants, diet and other necessaries for isolation of the patient or if satisfactory arrangement for such isolation is not also possible in the house where the patient is staying, the patient shall be sent, under proper sanitary precautions, to the hospital within or outside the nearest municipality where there is suitable arrangement for isolation.

16. No person, who is or has been suffering from cholera, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

17. The Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency, and within such time as may be specified in the order, such measures for the disinfection or evacuation of any premises in the occupation of such persons or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

18. The Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to cause to be inoculated with anti-cholera vaccine within a time specified in the order any person residing on such premises and under the control of such owner or occupier if the Health Officer or a Sanitary Inspector is of opinion that such person has been exposed to infection from cholera.

19. The Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has, to his knowledge, been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

20. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried with proper precautions to a hospital.

46. **Fees required for certificates granted on appeal:** Any order on appeal authorizing the registering of a boiler or the grant or renewal of a certificate shall be deemed to be subject to the payment of such fees as are prescribed by rules or regulations framed under the Act.

IX. Administrative Instructions for Registration

47. **Importance of registration:** The Inspectors shall carry out the technical instructions for the registration of boilers, as laid down in the regulations, with the greatest care and precision, as the details of measurement recorded at the time of registration constitute a permanent record for the boiler and determine the pressure at which the boiler is to be allowed to work.

48. **Receipt of applications:** Applications for registration under sub-section (1) of section 7 shall be submitted to the Chief Inspector of Boilers in accordance with the provisions of rule 14. No boiler shall be registered if on measurement the fee is found to be deficient until the deficit has been paid. Any excess payment will be refunded according to rule 8.

49. **Register of registered boilers:** The Chief Inspector shall maintain a register of registered boilers in serial order in Form A No. 1 in two parts—in Part I (boilers originally registered in the State) the registered number of a boiler shall be the one immediately following the last serial number of the register. Gap numbers due to boilers being broken up or transferred to another State shall not be filled in, in Part II (boilers originally registered in other States) entries shall be made as prescribed in rule 51.

50. **Procedure of transfer of a boiler:** Whenever a boiler is transferred from one State to another the owner shall, under section 6(b) apply to the Chief Inspector of the State to which the boiler is transferred, for the registration of the transfer; the boiler cannot be used until registration has been effected. The Chief Inspector shall then obtain from the State the registration book and memorandum of inspection book of the boiler before the boiler is permitted to be used. No fee shall be charged for recording transfer.

51. **Entry of transferred boiler in register:** On receipt of the registration and memorandum of inspection books the Chief Inspector shall enter the boiler under its original number in Part II of his register. The registration book and the memorandum of inspection book shall be kept in the Chief Inspector's office.

52. **Note of transferred and dismantled boilers:** Whenever a boiler has been transferred to another State or broken up, the fact shall be noted in the register.

In the case of a boiler that has been permanently dismantled the registration book and the memorandum of inspection book shall be destroyed.

X. ADMINISTRATIVE INSTRUCTIONS FOR INSPECTION

53. **Reference to previous inspection:** The Inspectors shall carry out the inspection of boilers and steam pipes in accordance with the detailed instructions contained in the regulations. The Inspector previous to an inspection shall scrutinize the memorandum of inspection book and shall note any entries that may have been made at the last inspection.

54. **Procedure during inspection of boilers of a battery:** The Inspectors, when inspecting one boiler of a battery, shall also examine the other boilers under steam, with special reference to the water gauges, pressure gauges and safety valves, and steam piping.

55. **Issue of certificates and provisional orders:** (1) All certificates shall be issued from the head office after being countersigned by the Chief Inspector.

(2) A provisional order shall be issued in each case of registration after the hydraulic test of boiler and inspection of steam pipe and feed pipes connected to the boiler upon the certificate of the Inspector. The steam test may be taken at any convenient time within the period of the provisional order, after which, if the test is satisfactory, the certificate under section 7 shall be issued.

(3) A provisional order shall also be issued after each completed inspection for renewal of the certificates so as to give authority for the use of the boiler pending the issue of the certificate.

(4) The period specified in any certificate or provisional order shall begin on the day on which the completed hydraulic test and thorough inspection of boiler or inspection of steam and feed pipes is made.

56. **Form of provisional orders and certificates:** Provisional orders and certificates shall be issued in Forms V and VI respectively, prescribed under the regulations.

XI. ADMINISTRATIVE INSTRUCTIONS FOR EXAMINATION OF BOILERS, PARTS THEREOF, STEAM RECEIVERS, SEPARATORS, ETC., BY AN INSPECTING OFFICER

57. The Inspecting Officers shall carry out the examination of boilers, parts thereof, steam receivers, separators, etc., in accordance with the detailed instructions and specifications as laid down in the regulations. Previous to an examination he shall go through the remarks made in the Schedule to Form D.

58. While examining materials he shall verify the acceptability of the materials from original test reports from steel makers in accordance with the requirements of the regulations before stamping these materials.

59. (a) When steel makers certificates in Form IV of the regulations issued by well known steel makers or a recognised Inspecting Authority are available the materials may be stamped by him for use in the construction of boilers provided they are found to be in sound condition.

(b) When materials used in construction of boilers or parts thereof are offered for tests, he shall record the test results in Form G.

60. After each stage examination of a boiler or parts thereof, or of steam receivers, separators, etc., he shall advise the makers on the spot to proceed on to the next stage in their construction provided he is satisfied that the standard of construction does not fall short of the requirements of the regulations.

61. In cases where he finds the standard to fall short of requirements of the regulations his findings shall be reported to the Inspecting Authority immediately.

62. When radiographic examinations are carried out to parts which require such examination under the regulations the Inspecting Officer in charge of radiographic examination shall personally check up the identification of the film exposed, to the part under examination and record these in his diary and also in Form F.

63. He shall also maintain a record in Form F of all rectifications and repairs carried out by the manufacturer to welded seams after radiographic examinations (see regulation 266).

64. On completion of a construction of a boiler, parts thereof, steam receivers or separators he shall check up all details and enter particulars in Forms II, III, IIIA or IIIB of the regulations before the signature or countersignature by the Inspecting Authority.

(f) At alternative annual inspections and subject to a minimum of three bottom rows or all tubes subject to the first pass of heat being opened up for inspection, the Inspector may at his discretion relax the preparation for inspection called for under (a) above in favour of boilers having an evaporative capacity of 200,000 lbs. per hour and over, and fed with water treated to the satisfaction of the Inspector.

(g) In the case of forced flow and forced circulation types of boilers, provisions shall be made for checking that proper circulation is maintained through all the sections of the circuit by the flow of water.

378. **Preparation for Hydraulic Test:** (a) The chests of all mountings subject to the steam pressure shall be in place and shut tight or blank flanged.

(b) The safety valves should invariably be removed and the chest opening blank flanged.

Such Advocate shall be of not less than 10 years' standing (i) whose name appears on a list, maintained by the Bar Council, or (ii) whose name is approved by the Bar Council in writing before the candidate commences such training.
